# POTTERY: HAND BUILDING

Cups, plates, platters, bowls and more. You don't need a pottery wheel to make fun and functional pottery pieces. Learn hand building clay techniques as well as how to fire the pots in the kiln and glazing techniques as you let your imagination run wild and the clay artist inside you roam free. Students will be responsible for their own clay and tools. Come to the first day of class with clay and tools at the ready. Contact Jessica at 505-632-8351 (day) or 505-419-7526 (evening) for a list of supplies.
