Re: Transit Waste Rate Increase

Dear Mr. Fuqua

We at Transit Waste want to thank you and the City of Bloomfield for allowing us the opportunity to provide solid waste collection and disposal service to the residents and business owners of your great community. The efforts of you and your staff have enabled us to maximize our service to the City.

As you are aware, our contract provides for a bi-annual rate increase based on the Consumer Price Index (CPI) (Example: Dec-13 is 233.049 and Dec-11 is 225.672. $\text{Dived } 233.049/225.672 = 1.033 - 1 = 3.3\%$ increase (see attached supportive documentation).

Due to the cost of business continuing to increase; we are proposing an annual rate increase based on the CPI of 3.3%, effective upon approval by the Bloomfield City Council.

Transit Waste is committed to providing the very best service at the lowest possible price to the City of Bloomfield. We hope to continue this for many years to come.

We appreciate your consideration in this matter. We look forward to meeting with the City Council and the residents of Bloomfield to discuss the ongoing operations of solid waste collection and disposal if needed.

Please feel free to contact me at 505-634-2510, if you have any questions or need any further information.

Respectfully,
